

Dear Participants/coaches:

Final entries based on the rules established for the event have been posted. Start lists for the 100-200-400-800-100/110 hurdles and the relays will be prepared in the call room. Every athlete in those events should report to the call room at least one hour before the event to be officially registered to participate. Afterwards, lane assignments will be prepared and posted, and no shows will be scratched. ***There will be no exceptions to this rule***
